Sink Waste Coupling
3" M.R.P Rs. 120.00
4" M.R.P Rs. 150.00

Consumer & Plumbers Guide Lines

- Supply pipelines should be laid straight and vertical keeping the number of joints to a minimum-keeping the number of bends/elbows limited in the fittings.
- Flush all pipe lines before starting installation of metal fitting so that dirt and other foreign particles should not spoil the metal fittings.
- Clean the aerator at regular intervals of time for free of water from the fitting. Weekly cleaning may be better.
- Please buy VAPTO products from authorized dealers only to ensure genuine quality material.
